Please review the courses offered below and discuss them with your parents/guardians, current teachers, and counselor. Check the box next to the classes you want. All courses are tentative and subject to change; year-long; may not be dropped; and, if they have low enrollment, at risk of being removed from the course offerings. Students performing below grade level in either Math or English will be required to take a support class for their elective. Teachers will make the required placement recommendations based on the end of the course assessments and classroom performance. The district reserves the right to make course changes based on prerequisites, availability, and other circumstances.

I agree with my course selections for the 2021-22 school year. I understand that classes are year-long and that my schedule will not be changed. I've also considered my commitments, both at school and outside of school, and agree that I will remain in my AP/Honors courses for the entire school year. I understand that AP/Honors courses require summer assignments and that it is my responsibility to obtain and complete these assignments.
